Social change toward a more just society does not simply happen. It requires us to connect, cultivate, co-create, empower, and transform.

From voter education to social action, the Office of Civic Engagement and Social Responsibility supports students in developing the disposition, skills, and knowledge needed to be an active co-creator of a shared future.

TU students can access voter information resources, attend programs, get involved with on-campus and local community projects, participate in immersive experiences, request workshops, serve in leadership positions, and apply for competitive regional and national fellowships.
